

ASTLEY

ASTLEY

Welcome to the Astley 2018-2019 catalogue, showcasing new ranges alongside our successful and popular current products.

This year we are proud to include our Made in England collection, (which we have only featured in our web based Additions catalogues until now).

Our collaboration with Glaast enables us to offer exciting and innovative surfaces on our products. Astley, Made in England also invites the opportunity to work on bespoke items from the range, that will offer your clients the unique look and finish to their interior aspirations.

Brushed gunmetal and brushed nickel finishes offer a softer look to our lighting and furniture. We have endeavoured to enhance our offering of marble in our collection; mixing this gorgeous stone with both matt black and antique brass finishes. An elegant combination with a touch of warmth from the antique brass, whilst the black brings a minimalist but striking look.

Whether your brief requires the softness of wood, or the sharp bold statement of metal, The Astley 2018-2019 collection can fulfill your interior projects, with elegance and sophistication.

We invite you to peruse our 2018-2019 collection.
