POSSONI
ILLUMINAZIONE

Ci sono sogni che diventano realtà, ci sono realtà che sembrano sogni,
ci sono luoghi che restano nella memoria, ci sono oggetti che restano nella mente.

Possoni dà luce ai sogni, riflette l'anima... il punto immaginario d'incontro.

La nostra filosofia è voler trasmettere **l'Unicità** dei nostri lampadari, quel gioco sapiente di un raggio di luna o di sole che attraverso una goccia di cristallo moltiplica il mondo per mille, creati ad arte per esprimere **l'Individualità** come introspezione della propria natura e personalità di uno spirito eclettico, la **Ricercatezza** come purezza dello spirito e dell'anima che diventano nell'immaginario i nostri paesaggi onirici, lo **Stile** del fascino d'altri tempi in un mondo d'eleganza, dove la bellezza è solo un dettaglio, la **Magia** di vivere in uno spazio magico dove il tempo, attraverso la sedimentazione dei ricordi, sublima nell'esperienza estetica.

Possoni... un'emozione senza confini.

*There are dreams that seem like reality, there are realities that seem like dreams,
there are places that stay in our memory, there are objects that stay in our mind.*

***Possoni** illuminates our dreams, reflects our soul... an imaginary point of convergence.*

*Our mission is to convey the **Uniqueness** of our lamps, the beguiling play of a moonbeam or sunray that multiplies the world in a crystal drop; skilfully created to express **Individuality** as a contemplation of one's nature and the personality of a multifaceted spirit; **Refinement** as purity of the spirit and soul which in our imagination become our dreamscapes; the **Style** of yesteryear charm in a world of elegance where beauty is only a detail; the **Magic** to live in an enchanted place where, through strata of memories, time sublimates into an aesthetic experience.*

***Possoni**... a boundless emotion.*

Possoni Illuminazione

Un'intuizione estetica che diventa disegno e quindi si traduce fedelmente nell'opera, grazie alla perfetta esecuzione di ogni dettaglio. È attraverso ciò che, da cinquant'anni, Possoni stupisce ed emoziona.

Aesthetic inspirations develop into drawings and come to life as real artworks, perfectly crafted down to the smallest detail: surprising and exciting products in line with a tradition Possoni has been living up for fifty years.

Modellazione manuale di pregiati vetri soffiati, decorazione eseguita con i migliori cristalli ed alabastri, cura attentissima delle finiture. Come sempre, Possoni lavora solo così.

Precious hand-blown glass, top-quality crystal and alabaster decorations, painstaking attention to details and finishes: this is how Possoni works, from the very beginning till today.

La fusione dell'ottone è un'arte antica, che Possoni interpreta con la maestria artigiana della grande tradizione. Un'eccellenza italiana, espressione di valori unici e realmente inimitabili.

Expressing unique and inimitable values, Possoni interprets such an ancient technique as brass casting with a craftsmanlike and traditional approach that makes their products superb examples of Italian excellence.

TABELLA FINITURE

La vasta gamma della nostra produzione può essere fornita in diverse finiture, da quelle più classiche, come l'oro francese, il satinato, l'oro zecchino, l'ottone lucido, a quelle più specifiche, per esaltare le varie particolarità del singolo oggetto come il ruggine, il bronzo nero/verde e il ruggine/foglia oro, che richiamano atmosfere antiche.

I procedimenti per ottenere queste finiture richiedono sempre una particolare cura ed attenzione, ma soprattutto una manodopera artigianale specializzata che affianca

l'uso delle moderne tecnologie, a metodologie tradizionali e notevoli capacità manuali per ottenere un prodotto unico. Infatti oltre all'uso dei bagni galvanici per dorare ed argentare l'ottone, la maggior parte delle nostre finiture richiede l'uso di applicazioni manuali quali paste abrasive per ottenere il satinato, di vernici per l'argento/oro, di polveri o di terre per l'oro francese, e di foglia d'oro per il ruggine/foglia oro.

TABLE FINISH

The processes used to achieve these types of finishes are not only meticulous, but require specialised handcrafting together with modern technologies which incorporate traditional methods and exceptional workmanship resulting in a unique piece.

As well as using plating baths for gilding and silver-plating brass, the greater part of our finishes are all hand applied using abrasive pastes to obtain a satin finish, paints for gold/ silver finishes, dusts and earth for French gold and

gold leaf for rust/gold leaf. Our wide range of products can be supplied with various types of finishes from traditional French gold, satin, fine gold, shiny brass to the more specific finishes that emphasise and highlight the details of each single article such as a antique bronze, black/green bronze and rust/gold leaf giving an antique atmosphere to the piece.
